

## PURPOSE AND CONTENTS OF THIS MAP

The designations shown on this motor vehicle use map (MVUM) were made by the responsible official pursuant to 36 CFR 212.51; are effective as of the date on the front cover of this MVUM; and will remain in effect until superseded by next year's MVUM.

*Chris R. Bushatta*  
Forest Supervisor, Boise National Forest

It is the responsibility of the user to acquire the current MVUM. This MVUM shows the National Forest System roads, National Forest System trails, and the areas on National Forest System lands within the Cascade Ranger District that are designated for motor vehicle use pursuant to 36 CFR 212.51. This MVUM also identifies the vehicle classes allowed on each route and in each area, and any seasonal restrictions that apply on those routes and in those areas.

Designation of a road, trail, or area for motor vehicle use by a particular class of vehicle under 36 CFR 212.51 should not be construed as encouraging or implying that the road, trail, or area is passable, actively maintained, or safe for travel. Motor vehicle designations include parking areas, designated routes and areas for activities associated with motor vehicle use, when it is safe to do and when not causing damage to National Forest System resources. Seasonal weather conditions and natural events may render designated roads and trails impassable for existing motor vehicle use. Designated roads and trails are dangerous or impassable terrain. Many designated roads and trails may be passable only by high-clearance vehicles or four-wheel drive vehicles. The existence of designated roads and trails will depend on available resources, and many may receive little maintenance.

This motor vehicle use map identifies those roads, trails, and areas designated for motor vehicle use under 36 CFR 212.51, and areas of enforcement of motor vehicle use at 36 CFR 261.13. This is a limited purpose. The other public roads are shown for information and navigation purposes only and are not subject to designation under the Forest Service's motor vehicle use map.

These designations apply only to National Forest System roads, National Forest System trails, and areas on National Forest System lands.

## VICINITY MAP

## PROHIBITIONS

It is prohibited to possess or operate a motor vehicle on National Forest System lands on the Cascade Ranger District other than in accordance with these designations (36 CFR 261.13).

Violators of 36 CFR 261.13 are subject to a fine of up to \$5,000, imprisonment for up to 6 months, or both (18 U.S.C. 3571(e)). This prohibition applies regardless of the presence or absence of signs.

This map does not display nonmotorized uses, over-snow uses, or other facilities and attractions on the Cascade Ranger District. Obtain forest visitor information from the local national forest office.

Designated roads, trails and areas may also be subject to temporary, emergency closures. As a visitor, you must comply with any temporary closure issued by the national forest or may issue an order to close a road, trail or area on a temporary basis to protect the close, health, or safety of forest visitors or the natural or cultural resources in these areas. Emergency closures are consistent with the Travel Management Rule (36 CFR 212.52 (b), 36 CFR 261.13a).

The designation "road or trail open to all motor vehicles" does not supersede State traffic law.

## OPERATOR RESPONSIBILITIES

Operating a motor vehicle on National Forest System roads, National Forest System trails, and in areas of National Forest System lands carries a greater responsibility than operating a vehicle in a city or other developed setting. Not only must you know and follow all applicable traffic laws, you need to show respect for the environment as well as other forest users. The rights of motor vehicle users are subject to the temporary or permanent closure of any designated road, trail, or area. As a motor vehicle operator, you are also subject to the responsibilities of the vehicle in question for registration, registration, and operation of the vehicle in question.

Motor vehicle use, especially off-highway vehicle use, involves inherent risks that may cause property damage, serious injury, and possibly death to participants. Drive cautiously and anticipate rough surfaces and features, such as snow, mud, vegetation, and water crossings. Commit to safety by following the "tread lightly!" participation. You voluntarily assume full responsibility for these damages, risks, and dangers. Take care at all times to protect yourself and those under your responsibility.

Much of the Cascade Ranger District is remote. Medical assistance may not be readily available. Cellular telephones do not work in many areas of the Cascade Ranger District. Take adequate food, water, first-aid supplies, and other equipment appropriate for the conditions and expected weather.

ALWAYS REMEMBER TO RESPECT PRIVATE LAND OWNERSHIP AND PRIVILEGE. STAY ON DESIGNATED ROADS AND TRAILS AND IN DESIGNATED AREAS.

Read and understand this map in its entirety. If you have questions, please contact the Cascade Ranger District for clarification.

As a motor vehicle operator on a National Forest System road, trail, or area you must comply with this map, as well as all Federal, State, and local laws and regulations. Compliance with these rules is your responsibility.

For more information on Tread Lightly!, go to www.treadlightly.org or call 1-800-966-9900.

tread lightly!

LEAVING A GOOD IMPRESSION

Travel and recreate with minimum impact.

Respect the environment and the rights of others.

Educate yourself plan and prepare before you go.

Allow for future use of the outdoors by leaving it better than you found it.

Discover the rewards of responsible recreation.
